77 West Jackson Boulevard  
Chicago, Illinois 60604-2402

RE: Clayton Chemical Superfund Site  
Sauget, Illinois  
Our File No: WARE 045

Dear Mr. Turner:

First, as you may know, our law firm HODGE DWYER ZEMAN ("HDZ") represents Wareco Services, Inc. ("Wareco") with respect to the above-referenced matter. On behalf of Wareco, we are specifically requesting that any and all future correspondence regarding Wareco's relationship to the above site be mailed directly to Thomas G. Safley at the address listed below. In the event that that is not possible, we request, with Wareco's express authority, that HDZ be copied with any and all correspondence sent to Wareco related to the above site. As we previously stated, Wareco sold all its assets in the spring of 2001 and is in the process of winding down the corporation entirely. As a consequence, and in order to insure that Wareco properly responds with respect to any issues, we make the above request.

Mr Thomas P Turner

If you have any questions regarding this correspondence, please feel free to contact me or Tom Safley of our firm.

Sincerely,

Edward W. Dwyer
